

# More Success Stories – This is what our students say...

“The course was itself very interesting, but towards the end of the second year I decided that I wanted to study English in more depth. After discussions with the staff at Lincoln it was decided in my third year I would be able to study single honours English. Again, the flexibility of the course meant that I was able to tailor it to my own personal needs. After three years of hard work, I finally achieved a first class honours degree in English and am hoping to go onto study for a masters degree in English.” **Kaley**

“Being able to study for my degree for the first two years in Scunthorpe made it possible for me to pursue my ambition of becoming a teacher. I found all the lecturers both at Scunthorpe and Lincoln extremely encouraging and supportive.” **Jenny BA (Hons) English & History**

“Support during my degree course at North Lindsey College was excellent – a great place to start FE/HE. The final year at Lincoln Campus was demanding but enjoyable and was rewarding too. My degree course has been a life changing experience and I wouldn’t have missed it for the world.” **Peter BA (Hons) English & History**

“North Lindsey College made it easy to access HE. It has a relaxed environment and flexibility in the modules made it easier to fit the studying in with my job and family commitments. Library facilities were good and accessible.” **JB - BA (Hons) Social Science**

“My learning experience was more of a personal level. The experience of HE led me to achieve high self-esteem and a progression in my personal development. My degree has made me realise my potential and was one of the best experiences in my life so far.”  
**SS – BA (Hons) Social Science**

“I have made significant professional progression since completing my honours degree at North Lindsey College. Thanks to fantastic support from the staff at the college, I have extended my business competences, to become responsible for seven European locations, across five different countries. I am sure that I would not have been able to achieve such a level of responsibility without this support and dedication from my lecturers. Sincerely thanks!”  
**Karl BA (Hons) Business Studies**

“I chose to study the HND after completing my ‘A’ levels rather than going away. I had a good part-time job (and a girlfriend!) that I wanted to keep. It was a good choice.”  
**Alan**

“I enrolled on the HND after working for a couple of years in jobs going nowhere. It had seemed like a good idea to leave college and get a job. I continued study and got my BSc (Hons) Computing in a year. I am working as an IT Support Officer in a large college.”  
**Lee**
