Tuesday	8:30am - 7:00pm
Wednesday	8:30am - 5:00pm
Thursday	8:30am - 7:00pm
Friday	8:30am - 3:30pm

Hair & Beauty

We educate and train our students to the highest standards and it is important we focus on their needs. As a result of this we need to operate in a different way from a high street salon. This is reflected in our prices.

All our services and treatments are carried out by students, under the supervision of highly qualified staff. Treatments and services may take longer than in a normal salon, as students on occasion need support and guidance from their tutors. We endeavour to maintain professionalism at all times and to deliver a high level of customer service. Provision of some services and treatments will be at the tutor's discretion.

To ensure fair access to assessment opportunities, equal opportunities for all students and a diverse range of clients, it is not possible for clients to request a specific student to work on them. All clients need to report to the reception area prior to treatments.

A skin test is required prior to colour application, for both Hair & Beauty.
Please ask at reception for details.

Hairdressing Skin Test Information

As a duty of care to our clients, it is necessary to skin test 48hrs before a colour application once in any academic year.

Beauty Skin Test Information

As a duty of care it is necessary to skin test 24hrs before an eyelash/brow tint treatment. You are also required to have an annual skin test for false lashes (glue) and for tanning treatments.

If you have a reaction you must notify the reception immediately. If it becomes very uncomfortable you must seek medical advice. A reaction can be identified by redness, the skin can become swollen, itchy and you may get a headache. If you experience any of these symptoms, you must not have the colour applied. This is a precautionary test that we do to safeguard our clients and although this test has been carried out there is no guarantee that a reaction may not occur as a result of a colouring.

You must be 16 or over to have a colour application

Body Therapy

Full Body Therapy

£12

Swedish Massage

A relaxing massage using firm but gentle Swedish massage techniques, which may alleviate stress and tension from the body, leaving you refreshed and vitalised.

Aromatherapy Massage

A luxurious body massage using personalised soothing aromatic oil blends to restore and revitalise the mind, body & soul.

Hot/Cold Stones Massage

The body is massaged using heated/chilled stones. Tension points are massaged promoting a sense of well-being and relaxation.

G5 – Full Body Massage

Incorporated in the full body massage, this is a widely used mechanical method which produces a deeper massage to help break down tension nodules and improve circulation.

Indian Head Massage

£5.00

This ancient form of massage, performed whilst seated, uses firm yet gentle massage movements to unblock tension in the neck and shoulders.

Any of the following treatments are incorporated with the Part Body Therapy:

Part Body Therapy

£7.50

Infra –Red

Relieves muscular aches and pains, has a warming effect on the tissues.

Audio Sonic

Audio Sonic is used to treat muscular tension and contracted muscles, assists with the breakdown of nodules to ease pain.

Faradism

Helps to strengthen and tone muscles to improve body contours.

Galvanism

Helps reduce the appearance of cellulite.

Vacuum Suction

Helps to improve the body's lymphatic drainage, and can aid detoxification.

A diet and exercise routine must be maintained to gain the full benefit of the treatments.

Micro-Dermabrasion

Controlled Micro –Dermabrasion is a modern technique designed, with the help of a gentle mechanical peeling process, to improve the skin’s regenerative capabilities and to better control specific skin conditions. It has been used for over 20 years for the treatment of skin problems such as scar tissue, pigmentation abnormalities and acne.

Facial Treatment £15

Body Treatment £10

Facials

Basic Facial £3

A consultation will be given before treatment to establish your skin type and ensure correct products are used for your treatment: cleanse, exfoliation, toner and moisturise.

Prescriptive Facial £10

A consultation will be given before treatment to establish your skin type and ensure correct products are used for your treatment: cleanse exfoliation, masque, toner and moisturise. This treatment also includes a face, neck and shoulder massage.

Electrical Facial £12

A consultation will be given before treatment to establish your skin type to allow for the correct electrical facial to be carried out.

Cleanse & Make- Over £3

A consultation will be done before treatment to determine occasion and colour choices. Treatment includes cleanse, tone and moisturise before application of make-up.

the 1990s, the number of people in the UK who are employed in the public sector has increased from 10.5 million to 12.5 million. The public sector has become a major employer in the UK, and this has implications for the way in which the public sector is managed and the way in which public services are delivered.

The public sector is a complex and diverse organisation, and it is difficult to define what it is. The public sector is often defined as the part of the economy that is owned and controlled by the state. This includes the government, local authorities, and public corporations. The public sector is also often defined as the part of the economy that provides public services. This includes the health service, the education system, and the social security system.

The public sector is a major employer in the UK, and it has a significant impact on the economy. The public sector is a major source of government revenue, and it is also a major source of government expenditure. The public sector is also a major source of public services, and it is a major provider of public goods.
